General Average of List Showing Gains.

EVEN NOMINAL LOSSES FEW

Lackawanna in Great Demand, But Scant Supply Causes Further Rise of Six Per Cent.

NEW YORK, July 29 .- The market continues to broaden. A large number of issues are dealt in each day, and in the specialties, in many cases where there have been no previous transactions in weeks, there are almost invariably gains of from 3 to 10 per cent from transactions last previously record-The average of the active list ontinues to harden and was higher to-

The market is moving upward alto-gether. Very few stocks of consequence showed more than a nominal loss, but there has been substantial profit taking in stocks which have had good rises hitherto. Erie, Baltimore and Ohio, Aichison, Steel preferred, and a number of others were maintained sub-stantially unchanged or at the worst closed nominal fractions lower. Smelting and Refining which has been recently strong, on belief that the dividend will be raised to 7 per cent, rested today on its previous gains. Illinois Central Control of the control of tral made no further progress. The greatest strength was shown in

the specialties. Limited offerings of Lackawanna could not fill the demand and a new high record of 410 was made, a net gain of 61/2 per cent for the day United States Rubber common advanced about 2 per cent. There was a gain of per cent in General Electric. On the other hand, a safe of Federal Mining was 2½, per cent under yesterday's price.

Among the minor industrials there was a great demand for Allis-Chalmers, with the preferred up over 2 per cent and common nearly as much.
The bank statement showing a nom-

inal increase strengthened the list. Little or no crop news of importance developed. There were comparatively few reports of railroad earnings. The progress of the yellow fever in New Orleans is the unsatisfactory element in the situation, but its spread is held in check sufficiently for the market to ignore it. Some irregularity developed during the final fifteen minutes. For the most part, the tenor of the stocks usually nost active was somewhat heavy. Penn most active was somewhat heavy. Tennesylvania Railroad lost in all ½ per cent. Steel, common remains firmer than the preferred. Illinois Central just the probability of the probability touched yesterday's high record. closing tone was steady, although not

particularly strong.

In the bond list the Central of Georgia, third incomes, made a new high record, and the Virginia deferred dest soid at the highest price of the year. Bonds as a whole were merely steady.

Covernment bonds were unchanged.

Government bonds were unchar	nged.	Lord &

### NEW YORK CURB MARKET.

NEW YORK, July 29 .- Following an the opening prices on the curb market:

### COTTON MARKET QUIET WITH LIGHT TRAIDING

market was quiet and steady today, with trading light and largely local, and most operators inclined to hold off for next week's monthly crop estimates, which was particularly strong. The attendance was small and business light. Consolis showed about six points, and after reacting and losing most of this on local selling and and evening up by traders over Sunday, advanced again in sympathy with a 10-point rise at New Orleans. The undertone of the market throughout the assision was very strong, and neither the bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists who was very strong, and neither the bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite the rather bears nor the reactionists showed any disposition to force the issue, despite to the waldorf-Astoria hotel to ments in the Waldorf-Astoria hotel to disposition to force the Issue, despite disposition to force the issue, despite the rather bearish week-end statistics WEEKLY STATEMENT nd the continued favorable weather falling off in the outside speculative definand and continued slack demand for spot cetton from spinners, as represented by the spot sales at Liverpool today of the spot sales at Liverpool today o
